## **BESS Comments of opposition**

With the short amount of time we were given to voice our comments (less than a week), the number of comments of opposition we have collected only speaks volumes to the amount of Nay votes we would have been able to acquire if we had been given an opportunity to have a voice in this. I appreciate all of the comments and information I have read in these few short days. Unfortunately, it has only added to my fears and concerns regarding the many hazards of this proposed storage site being built in my front yard. From the noise, traffic, fires, toxins, pollution of my well water, the list goes on and on. No one should be subject to these potential hazards. This affects our family, our lives, our well being and our future. This is a heartfelt plea to say NO to BESS. Signed, a concerned wife, mother, aunt, sister, daughter, granddaughter, grandmother and friend. I don't want anyone in my life to be affected by this hazard in my front yard.
