NOTICE OF REMOTE-ACCESS
WORKSHOP

RE: 2025 Energy Code Compliance:
Progress, Planning, & Scoping for Public
Review and Feedback

Notice of 2025 Energy Code Compliance Initiatives Staff Workshop #1

December 18, 2024

1:00 p.m. – 4:00 p.m.

Remote Access Only

See Attendance Instructions.

The California Energy Commission (CEC) will host a remote-access workshop to review CEC progress on 2025 Energy Code compliance initiatives and seek public collaboration and feedback on these efforts. The workshop will be publicly accessible online or by phone through Zoom™.

The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

Agenda

The CEC will present a general overview of initial findings from past compliance improvement efforts following the 2025 Energy Code Compliance Tools Staff Workshop held on March 22, 2022. The CEC will also provide an overview of ongoing CEC-led projects to help improve statewide compliance with the 2025 Energy Code. An overview will be provided of programs being developed to assist building departments, and efforts to develop online 'web-forms' versions of current PDF compliance documents. During this first workshop, additional workshops will be proposed on the topics of compliance tools, compliance and enforcement, and compliance analysis. CEC staff will attempt to incorporate optional live polling as part of the workshop, intended to give more opportunity for stakeholder engagement. There will also be time reserved for public comment.

A detailed agenda with expected timing will be posted prior to the workshop at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=24-BSTD-05>, as well as on the on the CEC's Events Calendar (<https://www.energy.ca.gov/events>).

Background

The Building Energy Efficiency Standards serve to reduce wasteful, uneconomical, and unnecessary uses of energy within the state. California's Building Energy Efficiency Standards include building energy efficiency requirements in the Energy Code (Title 24, Part 6) and voluntary building energy efficiency standards in CALGreen (Title 24, Part 11). The Building Energy Efficiency Standards are updated every three years.

This Energy Code Compliance Initiatives workshop follows the recent adoption of the 2025 Building Energy Efficiency Standards by the CEC. The CEC has previously held workshops on Energy Code compliance, including the Energy Code Compliance Workshop on March 22, 2022. Throughout the public process, the CEC has received feedback from stakeholders indicating concerns around compliance rates as well as the process for complying with the Energy Code. Based on this feedback, CEC staff have been developing projects and programs to better analyze and improve compliance with the Energy Code over time.

To support these efforts, CEC staff intends to host a series of compliance-focused workshops and seek public feedback on a number of CEC-led initiatives aimed at enhancing compliance with the Energy Code over time. This workshop is intended to solicit public engagement and feedback on Energy Code compliance and is not associated with a formal rulemaking.

Attendance Instructions

Remote participants may join via Zoom by internet or phone.

- **To join via Zoom.** Click on <https://energy.zoom.us/j/82894557821?pwd=6KWOv3qNkPE4jCEWRsNThgTEvSKGZD.1> or login in at <https://zoom.us/> and enter the Webinar ID **828 9455 7821** and passcode **549412** and follow all prompts.
- **To join by telephone.** Call toll-free at (888) 475-4499 or toll at (669) 219-2599. When prompted, enter the Webinar ID **828 9455 7821** and passcode **549412**

Zoom Closed Captioning Service. At the bottom of the screen, click the Live Transcript CC icon and choose "Show Subtitle" or "View Full Transcript" from the pop-up menu. To stop closed captioning, close the "Live Transcript" or select "Hide Subtitle" from the pop-up menu. If joining by phone, closed captioning is automatic and cannot be turned off. While closed captioning is available in real-time, it can include errors.

Zoom Difficulty. Contact Zoom at (888) 799-9666 ext. 2, or the CEC Public Advisor at publicadvisor@energy.ca.gov, or by phone at (916) 957-7910.

Public Comment. The CEC encourages the use of its electronic commenting system. Visit the e-commenting page for this docket 24-BSTD-05 at <https://efiling.energy.ca.gov/EComment/EComment.aspx?docketnumber=24-BSTD-05>. Enter your contact information and a subject title that describes your comment. Comments may be included in the "Comment Text" box or attached as a downloadable, searchable document in Microsoft® Word or Adobe® Acrobat®. The maximum file size allowed is 10 MB.

Oral comments will be accepted at the end of the workshop. Comments may be limited to three minutes or less per speaker and one person per organization. To comment via Zoom, use the “raise hand” feature so the administrator can announce your name and unmute you. To comment via telephone, press *9 to “raise your hand” and *6 to mute/unmute.

Written comments may be submitted to the Docket Unit by 5:00 p.m. on January 10, 2025. Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine. Written comments may also be submitted by email. Include docket number 24-BSTD-05 and Energy Code Compliance Initiatives in the subject line and email to docket@energy.ca.gov.
