**NOTICE OF RECEIPT  
PETITION TO AMEND  
THE CALIFORNIA ENERGY COMMISSION DECISION FOR THE  
RUSSELL CITY ENERGY CENTER (01-AFC-07C)**

On April 28, 2017, Russell City Energy Company, LLC (Petitioner), docketed a Petition to Amend the Final Decision for the Russell City Energy Center (01-AFC-07) (RCEC). The amended proposal is for the permanent installation of a 6,667 gallon tank for storage of sodium hydroxide. The facility is located in the industrial corridor of the city of Hayward, Alameda County, California.

**DESCRIPTION OF PROPOSED MODIFICATION**

The project owner proposes installing a permanent 6,667 gallon tank for storage of sodium hydroxide, which will be used in the project's zero liquid discharge (ZLD) facility and cooling tower for pH control. This on-site tank will be installed adjacent to the project's ZLD facility, and will replace the temporary tanks and temporary secondary containment structures that are currently in use. The permanent tank is double-walled for secondary containment purposes and approximately 15 feet  $\frac{3}{4}$  inches high, and 10 feet 2 inches in diameter. It would be placed on a permanent concrete foundation that measures 16-feet by 16-feet with a 6-inch curb. The excavation for the project will be 3-feet deep in pre-existing fill.

**ENERGY COMMISSION AMENDMENT REVIEW PROCEDURES**

The purpose of the Energy Commission's review process is to assess the impacts of this proposal on environmental quality and on public health and safety. The review process includes an evaluation of the consistency of the proposed changes with the Energy Commission's Decision and a determination whether the facility, as modified, would remain in compliance with applicable laws, ordinances, regulations, and standards (20 Cal. Code of Regs., § 1769). After the staff has completed its independent review and analysis of this petition, it will publish its assessment for public review and comment. Upon completion of its review, the staff will provide written notice of its intent to either process the proposed changes as a Staff Approved Project Modification or schedule it for consideration by the Energy Commission at a regularly scheduled Business Meeting. The RCEC Commission Decision and the amendment petition are available on the Energy Commission's Russell City webpage at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=01-AFC-07C>. The Staff Analysis, when completed, will also be posted on the facility webpage.

This Notice of Receipt is being provided to interested parties and property owners adjacent to the facility site. This notice is being mailed to the RCEC mail list and sent electronically to the RCEC list serve. The list serve is an automated e-mail system by

which information can be distributed to all parties who have subscribed. You can subscribe from the RCEC webpage at <http://www.energy.ca.gov/sitingcases/russellcity/index.html>
