**Application for Confidential Designation for California Department of Water Resources Data in Integrated Energy Policy Report  
Docket No. 24-IEPR-02**

Dear Jorge Luis Quintero:

The California Energy Commission (CEC) has received an application for confidentiality from the California Department of Water Resources (applicant) (TN 260104), docketed November 15, 2024, for select portions of the following power supply information:

- CDWR Confidential Resource Plan File
- Redacted Resource Plan data CDWR
- Confidential CDWR Transmission Form
- Redacted CDWR Transmission Form

The applicant requests that the information submitted be designated confidential by the CEC for a period of three years, under California Code of Regulations, title 20, section 2505(b).

Under California Code of Regulations, title 20, section 2505(b), the CEC shall designate the requested information confidential when the applicant seeks confidentiality as a federal, state, regional, or local agency or state-created private entity, which possesses information pertinent to the responsibilities of the CEC, that has been designated by the applicant as confidential under the Public Records Act, or the Freedom of Information Act.

Here, the applicant is a state agency, has itself designated that the data is confidential under the Public Records Act, and the information submitted is pertinent to the responsibilities of the CEC. Therefore, the CEC designates the above-described information as confidential a period of three years. Data may be disclosed if aggregated with data from other load serving entities.

Be advised that persons may petition to inspect or copy records that have been designated as confidential, the executive director may disclose, or release records previously designated as confidential in certain circumstances, and the CEC may hold a hearing to determine the confidentiality of its records on its own motion or on a motion by CEC staff. The procedures and criteria for disclosing or releasing, filing, reviewing, and
