Opposed to Fountain Wind Project

I am fully OPPOSED to the Fountain Wind project being proposed in the Round Mountain area. I live in Shasta county and will be directly affected by this wind project as it's directly in view from my property. I choose to live here because of the natural beauty of the area and mountains and wilderness. A wind project is both negative to the local eco system and creates more damage to the natural wildlife area to build. The sound and visual impacts are immense and negative in nature. I STRONGLY OPPOSED this project.

sincerely,

Rylan Macallister
