There are Community meetings to oppose this permit

The community is opposed to the permit for this facility. They have organized and created B.L.E.S.S.I.N., a nonprofit, to convince the California Energy Commission to deny this permit and any other permits for BESS facilities in this location. This is the wrong location for the community and California.

- **Proposed Location: Northern San Juan Capistrano, adjacent to Camino Capistrano and I-5**
- **Size: Approximately 13 acres**

Amtrak, Metrolink, Orange County Transit Authority, and LOSSAN have raised safety concerns about allowing construction, concrete, and lithium battery transport trucks to cross railway tracks via the sole access road, which is inadequate for heavy-duty use.
