Background

On December 5, 2024, the Committees issued a revised joint scheduling order and request for information about Staff's cultural and tribal cultural resources analyses (Order).⁹ The Order directed Staff to file responses to the Committee questions by December 18, 2024, and directed Applicants to file a reply to Staff's responses by January 8, 2025. The Order also invited Intervenor, local and tribal governments, and other interested persons to address the Committees' requests for information about Staff's cultural and tribal cultural resources analysis and reply to Staff's responses by January 8, 2025.

On December 18, 2024, Staff timely filed responses to the Committees' request for information.¹⁰

On January 3, 2025, Applicants filed a joint motion requesting an extension of time to file a reply to

⁵ The entities that submitted the individual AFCs, Morton Bay Geothermal LLC, Elmore North Geothermal LLC, and Black Rock Geothermal LLC, are referred to collectively as Applicants.

⁶ The motion was filed in the dockets for each proceeding: Morton Bay (TN 260891); Elmore North (TN 260892); Black Rock (TN 260893).

⁷ An amended version of Staff's response was filed in the dockets for each proceeding on December 19, 2024: Morton Bay (TN 260729); Elmore North (TN 260730); Black Rock (TN 260731).

⁹ As noted above, the Committee's revised joint scheduling order and request for information was filed in the dockets for each proceeding: Morton Bay (TN 260569); Elmore North (TN 260570); Black Rock (TN 260571).

¹⁰ As noted above, an amended version of Staff's response was filed in the dockets for each proceeding on December 19, 2024: Morton Bay (TN 260729); Elmore North (TN 260730); Black Rock (TN 260731).

Staff's December 18, 2024, responses to the Committee questions.¹¹ The motion states the extension will allow Applicants to file a more complete response, including potentially incorporating feedback from discussions with tribal representatives into its reply. The motion also asserts that no other parties would be prejudiced by the extension. The motion states that Applicants contacted the other parties about their extension request. Applicants represent that in response: Staff and intervenor Supporters Alliance for Environmental Responsibility stated they do not object to the extension; California Unions for Reliable Energy took no position on the motion and reserved the right to file a response; and the other parties didn't respond. As supported in Applicants' supplemental filing,¹² Staff stated it does not oppose the extension requested in the Motion.

Discussion and Order

The Presiding Member reminds Applicants to file any future scheduling motions in a timely manner that will allow the other parties at least 7 days to respond and to attach documentary evidence to support any representations made in points and authorities in the motion.

Nevertheless, based on Staff's non-opposition, the Presiding Member of the Committees finds that the extension will not prejudice the other parties and hereby **GRANTS** the Motion. Thus, the time is hereby **extended from January 8, 2025, to January 17, 2025**, for Applicants and Intervenors to address the Committees' requests for information about Staff's cultural and tribal cultural resources analysis and respond to Staff's reply filed December 18, 2024. Further, should any local or tribal governments, or other interested persons, choose to submit a response to Committees' requests for information or Staff's reply, the Presiding Member requests that they do so by January 17, 2025.
