## **No battery facility in LN**

No battery facility the the city if laguna Niguel or surrounding cities! This would turn our beautiful city, with so many families into a nightmare. Iâ€™m a licensed insurance agent and the costs of everyoneâ€™s insurance are so high now. We would get cancelled or not insurance from a huge threat near our homes.

This would also de pleat the house values, people would move out ofvthe area, which would cause businesses to close.

Youâ€™re pretty much putting death sentence from a company producing batteries. Iâ€™d rather have cows than batteries.

Please take the residents and families in to consideration.
