Opposition to Proposed Compass Energy Storage Project (24-OPT-02)

This project belongs in an industrial area.

NOT in the middle of a populous and vibrant community in SoCAL where there are lots of hills with dried out vegetation and a HIGH FIRE HAZARD AREA.

We know from the recent horrific fires the devastation that winds and dried out areas can cause.

A MASSIVE high-fire-danger facility such as this one is a disaster waiting to happen.

Please... these storage facilities are dangerous. Do NOT put one in our community!

Sincerely,

Lisa Padgalskas Hand
