SUMMARY OF POST CERTIFICATION PETITION PETITION FOR POST CERTIFICATION CHANGE MAGNOLIA POWER PLANT (01-AFC-06C)

On December 23, 2024, the Southern California Public Power Authority (SCPPA) filed a Post-Certification Petition for Changes in Project Design, Operation or Performance and Amendments to the Commission Decision (Petition)([TN#260806](#)) with the California Energy Commission (CEC) for the Magnolia Power Project (MPP) pursuant to California Code of Regulations, title 20, section 1769.

The MPP, a 323-megawatt (MW) combined-cycle, natural gas facility was certified by the CEC in March 2003 and began commercial operation in September 2005. The facility is located at the Burbank Water and Power (BWP) Campus at 164 West Magnolia Boulevard in the central portion of the city of Burbank, Los Angeles County.

SUMMARY OF PROPOSED CHANGES

The project owner seeks approval to install and operate targeted upgrades at the existing MPP. The upgrades will increase operational capacity/output and provide energy efficiency improvements by deploying Advanced Gas Path (AGP) and Advancements to the Compressor (AC) packages to the existing system.

For additional information regarding MPP, please visit the CEC's [project webpage](#) using the link below (<https://www.energy.ca.gov/powerplant/combined-cycle/magnolia-power-project>). In the box labeled "Compliance Proceeding" click on the "Docket Log" to access documents for this Proceeding.

REVIEW PROCESS

This petition is reviewed pursuant to California Code of Regulations, title 20, section 1769. The review process includes an evaluation of the effect the change could have on the environment; the project's compliance with applicable laws, ordinances, regulations, or standards; and whether a change to, or deletion of any condition of certification adopted by the CEC in the final decision or subsequent amendments is required.

After staff has completed its independent review and analysis of this petition, the assessment will be published for public review and comment. Included in the

staff analysis, will be written notice of staff's intent to either process the proposed changes as a staff-approved project change or schedule it for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION

This summary of the post certification petition is being mailed to the following persons on the CEC's mailing list for the project: interested agencies, members of the public, property owners who requested placement on the mailing list, and property owners within 500 feet of linear features (for example, pipeline) and within 1,000 feet of the facility. The notice is also being sent electronically using the MAGNOLIA electronic subscription service. The electronic subscription service is an automated CEC system by which information about this facility is emailed to parties who have subscribed. To subscribe, go to the CEC's [project webpage](#), cited above, scroll down the right side of the project webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition or the staff analysis when publicly available. The CEC encourages use of its electronic commenting system. To use the CEC's electronic commenting feature, go to the CEC's [project webpage](#), cited above, click on the "[Submit e-Comment](#)" link, and follow the instructions in the online form. Be sure to include the facility name in your comments.

Written comments, attachments, and associated contact information (for example, address, phone number, email address) become part of the viewable public record. This information may also become available via any internet search engine.

Written comments may also be mailed to:
