STOP THE FOUNTAIN WIND PROJECT

I OBJECT to the Fountain Wind Project, which will, among other things, destroy sacred Tribal land.

The Project has been rejected twice by the Shasta County Planning Commission and Shasta County Board of Supervisors. Fountain Wind is now trying to supersede local laws and authorities by seeking State approval for the project through the California Energy Commission (CEC).

This Project poses significant negative impacts to the area including:

Impacts to cultural and Tribal resources of the Pit River Tribe and Other Tribal Nations in Shasta County.

Elevated wildfire risks and impediment to Aerial firefighting in an already fire-prone area.

Threatens local decision making and community input for future projects across California.

Endangerment of Wildlife.

and more!
