# **Draft Nonresidential Certificates of Acceptance for the 2025 Energy Code on Energy Commission Public GitHub**

The California Energy Commission (Energy Commission) is providing access to the draft nonresidential certificates of acceptance (NRCAs) for the 2025 Energy Code through the public version of its GitHub account. These NRCAs are draft, watermarked (locked), and not to be used to demonstrate compliance with the 2025 Energy Code. It is the intent of the Energy Commission to allow and encourage public comments regarding the format and contents of these NRCAs. These NRCAs will be available in portable document format (PDF). The Energy Commission will accept comments on these draft NRCAs until 5:00 PM PT on March 7, 2025. The Energy Commission does not intend to hold a workshop regarding these NRCAs. Table 1 lists all of the NRCAs released for public comment.

These NRCAs are available on the Energy Commission public GitHub site <https://github.com/california-energy-commission/Compliance-Documents---DRAFTS/tree/main/2025/Nonresidential>.
