**Please do not approve the space for the lithium battery plant in San Juan Capistrano**

Hi-

I wanted to send this email to say that I am opposed to the lithium battery plant. This is situated

In a dry hilly area that could potentially catch fire. As we saw from the LA fires it can wipe out entire neighborhoods. This type of building needs to be further away from residential homes

Possibly for inland in a less dense area. This is a horrible idea. As a resident of San Juan Capistrano our home insurance rates are already ready at an all time high. This type of business needs to be denied and set up elsewhere.

Thank you -

Kristina Brown
