Stop the Lithium Battery Facility in San Juan Capistrano, CA

To Whom it May Concern,

I am writing to oppose, and ask you to oppose the proposed building or the Lithium Battery Storage Facility in San Juan Capistrano. The proposed facility is less than 15 miles from my neighborhood and poses a great threat to our public health and safety. The facility would be in a densely populated area, putting homes nearby homes like my own at risk for fire hazard. Our area is already prone to fires with our dry climate, if there were to be a fire started by the facility (highly likely) the waste and threat it would impose on our area is devastating. Do not approve this project.
