Project Title: Ordinance Adopting Green Building Amendments to the City of Burlingame Municipal Code Chapter 18.30Project Applicant: City of Burlingame

Project Location - Specific:

Citywide - City of Burlingame

Project Location - City: Burlingame Project Location - County: San Mateo

Description of Nature, Purpose and Beneficiaries of Project:

Pursuant to Public Resources Code (PRC) Section 25402.1(h)(2) and Section 10-106 of Title 24 of the California Code of Regulations, the Jurisdiction of City of Burlingame has applied to the California Energy Commission for a determination that its locally adopted energy efficiency standard, enacted in Local 2032 (the Ordinance), will require buildings to be designed to consume no more energy than permitted by the 2022 Building Energy Efficiency Standards (2022 Energy Standards) adopted by the Energy Commission. The Energy Commission's Building Standards are set forth in Title 24, Part 6 of the California Code of Regulations. This ordinance requires installation of infrastructure for electric appliances in mixed fuel buildings and provides performance and prescriptive path options for all-electric buildings. Consistent with PRC Section 25402.1(h)(2), the Energy Commission found that the Jurisdiction of City of Burlingame's Ordinance will require the diminution of energy consumption levels permitted by the 2022 Energy Standards.
