Mr. Drew Bohan  
Executive Director  
California Energy Commission  
1516 Ninth Street  
Sacramento, CA 95814-5514

RE: City of Burlingame Green Building Standards and the Building Energy Efficiency Standards

Dear Mr. Bohan,

Per the request of Commission Staff, the City of Burlingame would like to express to you our firm commitment to enforce the 2022 Title 24, Part 6 Building Energy Efficiency Standards of the California Building Code. As the Chief Building Official, I will work with my staff to provide training on enforcement of the energy standards and the new requirements for developers to comply with the Building Standards. This includes working closely with regional organizations to complete focused trainings on updated energy standards and local codes.

The ordinance and the cost-effectiveness studies were presented to the City of Burlingame City Council on October 21, 2024. The City of Burlingame City Council approved the ordinance and study on November 4, 2024.

Additionally, the Council found that, under the California Environmental Quality Act pursuant to Section 15061(b)(3) and 15308 of the CEQA Guidelines, there is no possibility that the implementation of the ordinance will have a significant negative impact on the environment and is thus exempt from the requirements of CEQA. The City of Burlingame Building Energy Efficiency Standards will ensure that residential and non-residential buildings in City of Burlingame will consume no more energy than permitted by Title 24, Part 6.

Sincerely,

*Rick Caro*  
Rick Caro, Chief Building Official  
501 Primrose Road, 2nd Floor  
Burlingame, CA 94010
