Subject: 22-HERS-01: Golden State Registry and iPermit Conflict of Interest

To the California Energy Commission

I just became aware of GSR and its affiliates applying to be a HERS provider and as a HERS Rater and business owner I am deeply concerned that conflicts of interest in the Golden State Registry could unfairly disadvantage raters.

I strongly urge the CEC to ensure all HERS Providers operate with transparency, providing equal support, oversight, and pricing. The CEC must take action to prevent any bias that could harm independent rater businesses.

Thank you for the opportunity to comment

Rick Lee
