Docket Number: 24-OPT-02

opposition to proposed compass energy storage project (24-OPT-02)

CA energy commission ,
we do not live in Laguna Niguel but live on their border. We live closer to this area and would be more impacted that most of the Laguna Niguel residents. We can see the area involved from our home.

We could also see the wildfire in that canyon a couple years back. This area has limited road access to fight wildfires or if anything adverse happened w this toxic lithium battery storage area! This is a highly populated area. Why not consider lithium battery storage out in the desert or farther from heavily populated areas?

Please DO NOT PUT A LITHIUM BATTERY STORAGE FACILITY IN OUR NEIGHBORHOOD.

THANK YOU FOR CONSIDERING THIS.

Faith Lawson
