Save Tribal Land

Please stop and think about what you are doing. The U S government has broken Every Tre did you say treaty they have ever made. Change starts with the first step. We need to make the first step to keeping our promises and stop messing with tribal land.

Yes I am a texting citizen and I am also part of the Cherokee Nation, Do we need to remind you, trail of tears, recently water rights, you took the land we called home and gave us reservations and now you want to put windmills and other stuff on that. US government waste so much. Give us back our dignity. It's our land stolen by the US government.
