## **Opposition to Battery Energy Storage System in San Juan Capistrano**

Hello, I am a new resident of San Juan Capistrano and am in opposition of the proposed BESS project in my city. I live across the freeway from the proposed site and feel strongly this is not a good place for this type of facility. We could not get home owner's insurance through regular means and had to get it through the CA Fair Plan, due to the fact this is a high fire area. Please explain why this site would not contribute to the possibility of a fire, wiping out thousands of homes. Not to mention, there are several public and private schools in the area that would put students at risk. Please do not allow this to be built in our community.
