CEC-057 (Revised 1/21)

Notice of Public Comment Period

Docket No. 22-BSTD-07

Application Concerning

Locally Adopted Building Energy Efficiency Standards

in Accordance with Section 10-106 of

the California Code of Regulations, Title 24, Part 1

Local Jurisdiction Name: City of Santa Cruz

Dates of Local Adoption: December 10, 2024, and March 11, 2025

Designation of Locally Adopted Standard: Ordinance no. 2024-21 and 2025-04

Purpose

California's local jurisdictions planning to enforce locally adopted energy efficiency standards (also called local ordinances or reach codes) that exceed the California Energy Code (Title 24, Part 6) are required to submit an application to the California Energy Commission (CEC), in accordance with California Code of Regulations, Title 24, Part 1, Chapter 10, Article 1, sections 10-106 and 10-110, and; Public Resources Code section 25402.1(h)(2). Applications submitted by local jurisdictions must provide their findings that the local ordinance, (1) saves more energy than current statewide energy standards and (2) is cost-effective. The CEC posts locally adopted reach code applications for public review and comment pursuant to CEC regulation.

The City of Santa Cruz has filed an application to enforce its local ordinance. CEC staff has determined this application to be complete including all the supporting information necessary to meet the requirements of section 10-106.

The CEC seeks public comments, including whether the locally adopted energy efficiency or conservation standards will require buildings to be designed to consume less energy than the *2022 California Energy Code*, California Code of Regulations, Title 24, Parts 1 and 6 (2022 Energy Code).

All application materials are available for download on the [CEC's website](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-BSTD-07) at [California Energy Commission : Docket Log](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-BSTD-07) (<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-BSTD-07>).

- 5) Att. 5 City of Santa Cruz Cost-Effectiveness Explorer Cost-Effectiveness Evidence City-of-Santa-Cruz (3135-Santa Cruz EB)
- 6) Att. 6a City of Santa Cruz Energy Reach Code CEQA NOE Ordinance 2024-21
- 7) Att. 6b City of Santa Cruz Energy Reach Code CEQA NOE Ordinance 2025-04

Background

Statutory provisions in Public Resources Code section 25402.1(h)(2) and regulatory provisions in sections 10-106 and 10-110 of the California Code of Regulations, Title 24, Part 1 establish a process that allows local governmental agencies to adopt and enforce energy efficiency or energy conservation standards for newly constructed buildings, additions, alterations, and repairs to existing buildings. Such local standards may not be enforced, however, unless and until the CEC finds that the local standards will require buildings to be designed to consume less energy than permitted by the 2022 Energy Code, as demonstrated by the local jurisdiction in an application submitted to the CEC.

Per section 10-106, this application must include the following:

- 1) The proposed energy standards;
- 2) The local governmental agency's findings and supporting analyses on the energy-savings and cost-effectiveness of the local ordinance;
- 3) A statement or finding by the local governmental agency that the local energy standards will require buildings to be designed to consume less energy than permitted by the statewide 2022 Energy Code; and
- 4) Any findings, determinations, declarations, or reports, including any negative declaration or environmental impact report, required pursuant to the California Environmental Quality Act (CEQA).

For the local jurisdiction to enforce the standard, the CEC must then find, based on the submitted application materials and consideration of public comment, that the local standards will result in a reduction in energy consumption compared to the statewide 2022 Energy Code and that the local jurisdiction has adopted its cost-effectiveness determination at a public meeting and subsequently filed it with the CEC.

Public Comments

The CEC encourages the use of its electronic commenting system. Visit the [e-commenting page](#) for this docket [22-BSTD-07](#) at [California Energy Commission: Docket Log](#) (<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-BSTD-07>). Enter your contact information and a subject title that describes your comment. Comments may be included in the "Comment Text" box or attached as a

downloadable, searchable document in compliance with California Code of Regulations, Title 20, section 1208.1. The maximum file size allowed is 10 MB.

Written comments must be submitted by: **5:00 p.m. on May 21, 2025.**

Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine. Written comments may also be submitted by email. Include docket number **22-BSTD-07** and the City of Santa Cruz, 2022, Ordinance no. 2024-21 and 2025-04 in the subject line and email to docket@energy.ca.gov.
