Subject: STACK Data Center Mitigation Monitoring and Reporting Program (MMRP)

To Whom It May Concern:

This letter is to confirm that the Mitigation Monitoring and Reporting Program (MMRP), prepared by the California Energy Commission and made part of the Initial Study/Mitigated Negative Declaration (IS/MND) for the proposed STACK Data Center located at 26062 Eden Landing Road, has been reviewed by the City's Planning Division. The City of Hayward in its role as a Responsible Agency for the project will process the planning entitlements and related building, grading, and encroachment permits for the construction and operation of the project. Following an approval of the entitlement application, the City will enforce the MMRP, which has been developed by the CEC in conjunction with the IS/MND for the proposed project.

If you have any questions or concerns about the above information, please feel free to contact me.

Sincerely,

Elizabeth Blanton, AICP
