Docketed Date:	5/14/2025

January 28, 2025

Ileana Cardenas
City of Glendale Water and Power
141 N. Glendale Ave. Ste. 450
Glendale, CA 91206

Dear Ileana Cardenas:

Thank you for submitting the City of Glendale Water and Power (GWP) 2024 Integrated Resource Plan (IRP). The California Energy Commission received the IRP on April 29, 2024, including the four standardized reporting tables, a cover letter, and a copy of Resolution 23-207. GWP submitted revised standardized reporting tables on January 27, 2025.

Energy Commission staff has performed the check for completeness, as described in Chapter 3, Section B.1 of the IRP Guidelines,¹ and has determined that the GWP 2024 IRP is complete.

The IRP Guidelines provide a framework to evaluate the consistency of GWP's IRP with California's energy and other policy goals outlined in Senate Bill 350 (de León, Chapter 547, Statutes of 2015).

Consistent with Senate Bill 350 and the IRP Guidelines, the Energy Commission has begun reviewing GWP's IRP for consistency with the requirements spelled out in Senate Bill 350 and subsequent legislation. If staff determines there is a need for additional information to facilitate the Energy Commission's review of the IRP, GWP will receive a request for supporting information. The determination finding the IRP consistent or inconsistent with the requirements of the Public Utilities Code Section 9621 will be available once staff completes the analysis.

The Energy Commission anticipates considering adoption of the Executive Director's determination at an Energy Commission business meeting within two months of the determination.

If you have any questions regarding your 2024 IRP submission, please contact Alyssa Tavares at Alyssa.Tavares@energy.ca.gov.

Sincerely,

Aleecia Gutierrez
Director
Energy Assessments Division
