Brian Schinstock
City of Roseville – Roseville Electric
2090 Hilltop Circle
Roseville, CA 95747

Dear Mr. Schinstock:

Thank you for submitting the City of Roseville (Roseville) 2023 integrated resource plan (IRP). The California Energy Commission received the plan on January 8, 2024, including the four standardized reporting tables.

The Energy Commission staff performed the check for completeness, as described in Chapter 3, Section B.1 of the IRP Guidelines,¹ and determined that the Roseville 2023 IRP is complete.

The IRP Guidelines provide a framework to evaluate the consistency of Roseville's IRP with California's energy, and other policy goals outlined in Senate Bill 350 (de León, Chapter 547, Statutes of 2015).

Consistent with Senate Bill 350 and the IRP Guidelines, the Energy Commission has begun reviewing the IRP for consistency with the requirements spelled out in Senate Bill 350 and subsequent legislation. If staff determines there is a need for additional information to facilitate the Energy Commission review of the IRP, Roseville will receive a request for supporting information. The determination finding the IRP consistent or inconsistent with the requirements of the Public Utilities Code Section 9621 will be available once staff completes their analysis.

The Energy Commission anticipates considering adoption of the Executive Director's determination at an Energy Commission business meeting within 55 days of the determination.

If you have any questions regarding your 2023 IRP submission, please contact Angela Tanghetti at angela.tanghetti@energy.ca.gov.

Sincerely,

Aleecia Gutierrez
Director
Energy Assessments Division

cc: Liz Gill, Manager, Reliability Analysis Branch Manager
Chad Oliver, Office of the Chief Counsel
Petra Wallace, City of Roseville Staff
