EXAMINATION UPDATES

All approved examinations and certifications are monitored and maintained by the [International Certification Board \(ICB\)](#). All MATT applicants are required to take a proctored examination at one of the listed SMART training facilities. MATE applicants take an examination directly through ICB online testing services.

APPLICATION COMPLIANCE

This report certifies that the NEMIC ATTCP has met all requirements for this program as specified in their application as approved by the Energy Commission. No modifications or deviations from the approved application were made.

ADMINISTRATIVE ACTIONS

No administrative actions have been taken by the NEMIC ATTCP to correct problems with Acceptance Test Technician field performance as no complaints have been filed in accordance with Section 2.6 *ATTCP Procedures for Resolution of Complaints* of the NEMIC ATTCP Certification Manual.

ACCEPTANCE TESTS PERFORMED REPORT

As this program only became mandatory for projects permitted on or after October 1, 2021, no MATE or MATT utilizing the NEMIC ATTCP database (MechCheck.org) during the 2024 calendar year have met the threshold for review. This report will be submitted with the next annual report, with all pertinent details consolidated from the database and available for summation into the required reports.

I, Craig Reehten, certify that the NEMIC ATTCP continues to meet the requirements of Section 10-103.2.

Sincerely,

Craig Reehten
