## **Stop the Compass Energy Storage Project**

While I Agree that something should be done with this land, I am against the Battery Energy Storage System for a number of reasons,

1. This could be a huge potential Fire Hazard
2. Orange County needs more homes
3. There are no specific standards for building a facility like this.
4. A battery fire would affect air quality in adjacent cities
5. It would cause SJC to become unsafe in terms of traffic and freeway congestion.
