## **Against Project!**

The proposed facility is too close to residential homes. In light of the LA fires, this is not a smart idea and is putting San Juan Capistrano and Laguna Niguel residence in harms way. Our fire insurance has already skyrocketed and this will further be a reason for insurance companies to cancel our insurance altogether. This is not putting people first. Any decision to move forward with this project is incredibly disrespectful and without regard for the residents of Laguna Niguel, and San Juan Capistrano. As for the church that owns the land, this does not follow the teaching of love your neighbor.
