Stand with the Pit River Tribe in opposition to the Fountain Wind Project

Thank you to the CEC staff for your report recommending the denial of the Fountain Wind project. The broad coalition in opposition to the project has devoted a lot of time and admirable, continued effort in making sure it is known that this project should not proceed. The Pit River Tribe especially, should have a decisive say in whether a project like this should be allowed. I am writing to voice my continued opposition to the Fountain Wind Project as well.
