Opposition to Proposed Lithium Storage Plant near Laguna Niguel

As a resident of Laguna Niguel, I am writing to express my strong opposition to the construction of a lithium storage facility near our neighborhood. This project poses a serious risk to both our community's safety and the local environment.

My husband is a veteran who was previously exposed to toxic burn pits during his service. The potential for hazardous fires or chemical exposure from such a facility so close to our home is deeply concerning and entirely unacceptable.

Please prioritize the health and well-being of residents over industrial development. I urge you to reconsider this project and seek alternative locations that do not endanger residential communities.

Sincerely,
Rachelle DeBaca
