Stantec, Eagles, Fountian Wind and Fairytale Research

I've been an eagle and raptor expert for 5 decades. I have several good reasons to believe the 2019 Eagles Surveys submitted by Stantec were fabricated. I will not disclose why because new fake green data will likely appear. I've seen this pattern for years with green energy research.

If this project is approved or is brought before a Judge, I will present this important information to those in opposition so justice can prevail.

If this project is denied A fake Raptor survey won't much matter. Jim Wiegand- Wildlife Biologist
