**RESPONSES TO STAFF QUESTIONS FROM THE JANUARY 10, 1994 DATA
RESPONSE WORKSHOP ON THE PROCTER & GAMBLE COGENERATION PROJECT
93-AFC-2**

Dear Mr. Blevins:

Please find attached, the original and twelve copies of responses to CEC staff questions from the January 10 data response workshop on the Procter and Gamble Cogeneration Project.

At the January 10 workshop, the CEC staff had two questions in the areas of Alternatives and Visual. The Alternatives questions was in responses to the Sacramento Cogeneration Authority's submittal on the environmental analysis for the transmission line alternatives. Under Visual, the CEC requested samples of the colors that will be used for the project. Please note that only two samples of each color are being submitted at this time. It is intended that one set would be utilized by the CEC staff and the other would be filed in the Dockets Office.

Thank you for your time and consideration on this issue.

Sincerely,

Susan Strachan
Manager, Project Permitting and Licensing
