**NOTICE OF STAFF WORKSHOPS  
FOR THE  
PROCTER & GAMBLE COGENERATION PROJECT  
APPLICATION FOR CERTIFICATION  
PRELIMINARY STAFF ASSESSMENT  
DOCKET NO. 93-AFC-2**

On April 19, 1994, staff filed its Preliminary Staff Assessment (PSA) on the Procter & Gamble Cogeneration Project Application for Certification (AFC). The California Energy Commission (Commission), the Sacramento Cogeneration Authority (Applicant), and other interested parties will hold public workshops to discuss various portions of staff's PSA. The workshops will discuss air quality and any other areas of staff's analysis that were not completed in staff's PSA workshops held in mid-May.

The proposed project consists of a natural gas-fired combined cycle cogeneration power plant with a nominal capacity of 171 megawatts. The project is proposed to be located on a ten-acre site near the intersection of Power Inn Road and Fruitridge Road in the city of Sacramento.

The staff workshop is being held as a part of the Commission's comprehensive review of the Applicant's AFC. The cogeneration plant and related facilities are under the Commission's siting authority. For purposes of the California Environmental Quality Act, the Commission is the lead agency for the entire project.

The workshops will be held:

**THURSDAY June 9, 1994**  
**Beginning at 10:00 a.m.**  
**California Energy Commission**  
**1516 Ninth Street**  
**Third Floor Conference Room**

and if necessary:

**FRIDAY June 10, 1994**  
**Beginning at 10:00 a.m.**
