AES Redondo Supporter

Dear Commissioner,

As a resident of Redondo Beach, I support AES Redondo Beach's application to build a smaller, more efficient natural gas power plant in our city. I support our state's renewable energy goals — 33% by 2020 — and I understand the need for reliable natural gas power to integrate renewables into the system.

I believe that the new AES plant will help do that. I urge the California Energy Commission to approve this plant.

Sincerely,

Stephen D. Comley
