Docket no. 00-AFC-14C

PETITION TO INTERVENE

1. Petitioners, Michelle Murphy and Bob Perkins, hereby petition to intervene in the above-captioned proceeding, and in particular in the part of the proceeding which addresses the “El Segundo Energy Center Petition to Amend” docketed April 23, 2013.

2. Petitioners will be represented in this proceeding by themselves.

Contact information for the representatives, as noted above, is

Names: Michelle Murphy and Bob Perkins
Address: 4420 The Strand, Manhattan Beach, CA 90266
Telephone: 310 545 6751
Email: murphyperkins@gmail.com

3. Petitioners are not a member of any group or organization already a party to this proceeding. Petitioners have actively participated in all phases of the underlying Repowering action, but on or about Tuesday, August 13, 2013 were told by the Commissioners in open meeting that, to have intervenor status in this phase, they must specifically intervene in this aspect of the matter.

4. Petitioners seek to intervene in this proceeding because Petitioners stand to be irrevocably harmed if the proposed amendment is done without proper mitigation of environmental damage and/or compensating enhancement of the environment. Petitioners have been actively involved in and impacted by the entire repowering matter for the last twelve years. As the nearest neighbors to the El Segundo Power Plant’s property, they bear the brunt of any environmental damage which the plant does and of the additional damage which will be done by the construction and operation of the new plants which the owners’ April 23, 2013 “Petition to Amend” contemplates. Petitioners’ actions have helped the Commission and the owners craft and enforce conditions of certification which have to some extent mitigated the environmental damage of the original repowering project, and Petitioners are well positioned to provide similar assistance on this Amendment.

5. Petitioners agree that if a document is served upon us via email, an additional paper copy by mail is not necessary.
