## **Hydrogen Energy California Project 08-AFC-08A**

**Email from Hearing Adviser Renaud requesting information from the applicant, staff and intervenors concerning scheduling of additional workshops, committee conference, and request for updates to status reports**

**Sent: September 23, 2013**

Dear Mr. Carroll: The Committee thanks you for your email and is looking forward to the opportunity to meet with the parties and the public at the second round of workshops. In order to facilitate scheduling of those workshops in conjunction with a committee conference, we ask that the parties (applicant, staff and intervenors) please do the following by Monday, September 30:

1. Provide updates to the most recent status reports, focusing on any revisions to the schedules resulting from the workshops;
2. Provide dates you would be available for workshops in the late October/November time frame;
3. Provide any information you wish to share with the Committee concerning progress made on resolution of issues and existing obstacles to resolution of issues.

The Committee appreciates your efforts to resolve issues in this case and looks forward to your reports. After receiving those reports the Committee will issue a revised Scheduling Order.
