## **Opposed to AES Power Plant in Redondo**

We do not need or want a new AES power plant in Redondo Beach. They are not good neighbors. A new plant will increase pollution and with such a densely populated neighborhood, it's one of the worst possible choices for our community. The new low stacks they are proposing will only mean more toxic fumes wont be blown away and more likely to land in my family's lungs. Please, we do not need or want polluting AES next to our schools, oceans or anywhere in South Bay.

Thank You.
