## **No AES Power Plant**

Good afternoon, Ms. Kelly,

We are very opposed to the AES Power Plant which is our next door neighbor. I fear the particle matter that is released from the plant. My father, who lived next door to the plant for years, now has COPD and "pigeon dust" in his lungs. I have the same spots now in my left lung x-ray. Now I fear there is a connection and am strongly considering moving from my beachside home, of 26 years, because of this pollutant. I am especially concerned for my young children who have developed respiratory allergies. Following a (loud) particle release from the AES Plant, my daughters' allergies are much more pronounced. I now believe it is not a coincidence.

Thank you for your attention to this public health matter,  
Dr. Rebecca Akyuz, 120 The Village, Redondo Beach, CA 90277
