J. Frame Comments...1-Oct-13 meeting

1. Meeting was informative and interesting.
2. The dial-in people didn't mute their phones. It was very annoying.
3. I was disappointed in the comments from the Redondo Beach mayor and councilmen. To request confirmation that the electricity produced by the AES plant is needed was stupid. The market place does that in our economy.
4. I do, however, support the request to confirm that the Edison power lines won't go away if the AES power plant didn't exist.
