Patti Frame's Comment re: Redondo Beach Energy Project

Thank you for hosting this presentation for the residents of Redondo Beach. I appreciate your time.

I would like to apologize for the unprofessional comments made by the mayor and other members of the City Council and for their beach-boy attire. I am appalled at their appearance and will make these comments known to my Councilman .Please know, he nor the Council Members, do not represent all the views of the residents. I am ashamed to have him represent me as Mayor of Redondo Beach.

I do believe there is a need for an energy plant in Redondo Beach. I am confused as to why so many people are against a plant that will be smaller, more efficient and greener. I suspect they may have their fingers in real estate and are hungry for the opportunity to develop this property for their gain. Thank you.
