Re: **Redondo Beach Energy Project (CEC 12-AFC-03)**

Dear All:

I am writing on behalf of the Laborers International Union of North America, Local Union 300 and its members living in Los Angeles County ("LiUNA") regarding the Redondo Beach Energy Project (CEC 12-AFC-03), including all actions referring or related to the development of a 496 MW natural-gas fired facility which will replace and be constructed on the site of the existing Redondo Beach Generating Station. The project will be located at 1100 North Harbor Drive in Redondo Beach, southeast of and adjacent to the intersection of North Harbor Drive and Herondo Street (collectively, "Project"). LiUNA will not be participating in the review and public comments on the Project. You may remove us from the notice list for this Project. This letter supersedes any prior correspondence or communication concerning the Project. Thank you.

Sincerely,

A handwritten signature in blue ink, appearing to read "Richard Drury", is written over a blue circular stamp. The signature is fluid and cursive.

Richard Drury
