Direct Testimony of Bottle Rock Power, LLC
in the Petition to Amend Proceeding (79-AFC-4C)
(and relating to Complaint Proceeding 12-CAI-04)

Project Owner's Witness: **Robert Francisco**

Date: **November 12, 2013**

1. V.V. & J. Coleman, LLC (the "Landowner") owns the land and mineral rights upon which the Bottle Rock Geothermal Power Plant (the "Plant") is sited, as well as the surrounding land related to the steamfield. The testimony I give herein refers only to that portion of the property on which the Plant's building and facilities related to the building sit; or, more specifically, that land which is contained within the "fence line" area that is currently under the jurisdiction of the California Energy Commission.
2. I represent the Landowner and am duly authorized to make decisions on behalf of Landowner.
3. As was stated at the October 4, 2013 Staff Workshop for this proceeding, the Landowner has no intention of demolishing the building upon the Plant's decommissioning and closure. Following closure of the Plant, any future use of the building will be determined by the Landowner in accordance with local land use laws and ordinances applicable at the time.
