Purpose of Hearing

The purpose of the hearing will be to receive party responses and arguments and public comments on the Request to Withdraw Appeal of the Committee's Decision Sustaining Coleman Complaint and Close the Complaint Proceeding (TN 201631 in Bottle Rock Compliance Docket 79-AFC-04C) filed by Bottle Rock Power LLC (Bottle Rock) on February 4, 2014. The Commission will also consider the referral of the question of whether Bottle Rock should be penalized for violating a condition of certification and, if so, the amount of the penalty.

Procedural History

David Coleman filed a complaint on October 11, 2012, alleging that the Bottle Rock project violated conditions of a 2001 Energy Commission order approving a change of ownership of the project. A Committee (Commissioner Douglas, presiding, and Chair

Weisenmiller, associate member) conducted a hearing on the complaint on January 22, 2013. On February 6, 2013, the Committee issued its decision finding that Bottle Rock violated the condition requiring that it maintain a closure bond (TN 69413). While the Committee's decision was final unless appealed, the Committee was not empowered to decide whether to penalize Bottle Rock for the violation or set the amount of a penalty. Instead, it referred the question of a penalty to the full Energy Commission for consideration.

Bottle Rock appealed the Committee Decision on February 20, 2013 (TN 69612). It also filed a petition to amend its conditions of certification requiring the bond. Its appeal was stayed (TN 70091) pending the outcome of a separate amendment proceeding, which concluded on December 16, 2013 with the filing of an order amending the bond requirement (79-AFC-04C, TN 201441). On February 4, 2014, Bottle Rock filed its Request to Withdraw Appeal of the Committee's Decision Sustaining Coleman Complaint and Close the Complaint Proceeding, one of the subjects of this hearing.
