No Power Plant

I cannot attend the meeting on Monday as I will be out of town. I vehemently ask you NOT to approve an application for AES to re-build/replace the existing plant. In this day and age when we are supp'd to be so concerned with our health, having a pwr plant in the middle of a highly-populated area just makes no sense - especially when the monster ran less than 3% last yr. There is a senior center right next to it, for goodness sake, not to mention a school and homes. Redondo is a blue zone city, meaning we care about our health. Really? A new pwr plant? I personally have asthma and allergies and don't want to be breathing the toxic fumes and particulate matter into my lungs. PLEASE, PLEASE, do not approve this application if the pwr plant is NOT needed. Thank you very much. Kelly Charles
