

DOCKETED

Docket Number:	11-AFC-03
Project Title:	Cogentrix Quail Brush Generation Project
TN #:	202075
Document Title:	Public Comments: Rima Dahdouh's Review Deny suspension
Description:	N/A
Filer:	Rima Dahdouh
Organization:	Rima Dahdouh
Submitter Role:	Public
Submission Date:	4/15/2014 4:33:21 PM
Docketed Date:	4/15/2014

April 15, 2014

The people and city councils have all spoken and opposed this project for legal, conservational, critical and rational reason. I find that the applicant hasn't been able to provide a reasonable alternative site nor have they rectified with what the people and councils have suggested.

For productivity, I believe there isn't an extreme need for a service in this region as was highway 52. I believe a luxury peaker plant is not of necessity to this area for our regional energy needs. To save costs and promote business, Cogentrix should find a reasonable site and move on.

I deny suspension and find that it is in the best interest of *both* parties to deny suspension and move forward. Upward progress in favor of the applicant would be to withdraw and find another location. In favor of the people and council I uphold their efforts and they should resume their guidelines as written and litigated.

Let's keep this brush for the Quails and build energy projects in a proper place.

"All truths are easy to understand once they are discovered; the point is to discover them." Galileo

May the truth be with us all.

Respectfully,

Rima Dahdouh
