11-AFC-3 QuailBrush gas Fired Power Plant is Bad for All who care about the MTRP

Cogentrix's request to extend their 1 year suspension of the Quail Brush AFC another year should be denied. The Energy commission, Planning commission, San Diego's city council, Santee city council, members of area councils and the people have opposed the placement of this gas fired peaked power plant so close to the MTRP and the residents of the area, Please vote to stop this for the last time.

Respectfully

Charles E Ringer
