## **Quail Brush Power Plant AFC (11-AFC-03) - Deny suspension**

Dear Commissioners,

Please deny the suspension the Quail Brush Power Plant AFC (11-AFC-03). I do not want an unnecessary power plant to destroy the public wildlife reserve that I frequently visit to escape the city. I grew up running on the trails that this power plant company is proposing to shut down and pollute. The technology proposed in this power plant is extremely dated and is not anywhere near as efficient and clean as current technologies such as solar power. Please see through this scheme being pushed by Cogentrix and shut it down for good. It is time for the best interest of the public, not the one percent, to be considered in city planning and development.

Sincerely,

Ryan McMonigle
