Re: El Segundo Energy Center Petition to Amend (00-AFC-14C)
Replacement Figure for Proposed Condition of Certification NOISE 8

Dear Ms. Stora:

California Energy Commission (the "**CEC**") staff issued its Preliminary Staff Assessment ("**PSA**") of the Petition to Amend the El Segundo Energy Center (00-AFC-14C) ("**ESEC**") project on May 13, 2014. In El Segundo Energy Center LLC's ("**Project Owner**") May 5, 2014 comments on the PSA, Project Owner suggested that a fifth phase be added to CEC staff's proposed Condition of Certification Noise 8, and that Project Owner provide a corresponding figure for the same. Accordingly, Project Owner hereby submits the enclosed Figure NOISE 8-1, which reflects the removal of fuel oil storage tanks from the southern portion of the project site, as contemplated in the CEC's final decision on ESEC.

Please contact me or my colleague Allison Harris if there are questions about the enclosure.
