Subject: STATUS REPORT #31 FOR THE SUN VALLEY ENERGY PROJECT (05-AFC-03)

Dear Mr. Winstead,

Pursuant to the terms of the Commission's Order Extending Suspension of Proceeding dated June 11, 2013, Valle Del Sol Energy, LLC submits Status Report #31 for the Sun Valley Energy Project. The Sun Valley Energy Project (SVEP) is a 500-megawatt natural gas-fired peaker plant that will be located in the City of Menifee, California. The 20 acre site occupies a portion of five parcels totaling approximately 37 acres of land owned by Valle Del Sol Energy, LLC situated 30 yards southwest of Southern California Edison's Valley Substation. The project will feature five General Electric LMS-100 gas turbines.

Valle Del Sol is in the process of submitting a letter requesting an extension of our Application for Certification. We appreciate the Commission's consideration and remain committed to working towards the success of the Project.

If you have any questions, comments, or concerns, please do not hesitate to contact me at (949) 903-5701.

Sincerely,

Heather MacLeod
Valle Del Sol Energy, LLC
