### **Background and Purpose of Prehearing Conference**

The Prehearing Conference is a public forum where the Committee will assess the parties' readiness for an evidentiary hearing, identify areas of agreement or dispute, and discuss the remaining schedule and procedures necessary to conclude the amendment process. (Cal. Code Regs., tit. 20, § 1718.5.)

<sup>1</sup> Unless good cause is shown, Petitions to Intervene are due the earlier of the Prehearing Conference OR 30 days prior to first Evidentiary Hearing (Cal. Code Regs., tit. 20, § 1207).

Local, state, and federal governmental agencies may participate at the Prehearing Conference and evidentiary hearings, as necessary. (Cal. Code Regs., tit. 20, § 1714.5.) Elected officials and members of the public may present public comments at these events and/or submit written comments via the Energy Commission's e-Commenting system at:

<https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=12-AFC-02>.

All parties are **ORDERED** to file a Prehearing Conference Statement on or before 3:00 p.m. on July 7, 2014, unless otherwise directed by the Committee.

The Prehearing Conference Statement must specify under separate headings:

1. The issues that are complete and ready to proceed to evidentiary hearing;
2. The issues that are not complete and not yet ready to proceed to evidentiary hearing, and the reasons therefore;
3. The issues that remain disputed and require adjudication, and the precise nature of the dispute for each issue;
4. The identity of each witness the party intends to sponsor, the subject area(s) about which the witness(es) will testify, a brief summary of the testimony to be offered by the witness(es), qualifications of each witness, the time required to present testimony by each witness, and whether the witness seeks to testify telephonically;
5. Subject areas upon which the party desires to question the other parties' witness(es), a summary of the scope of the questions (including witness qualifications), the issue(s) to which the questions pertain, and the time desired to question each witness. (**Note: A party who fails to provide the scope, relevance and time for questioning other parties' witness(es) risks preclusion from questioning on that subject area.**);
6. A list identifying exhibits with transaction numbers (TN) that the party intends to offer into evidence and the technical subject areas to which they apply; and
7. Proposals for briefing deadlines, impact of scheduling conflicts, or other scheduling matters.

All documentary evidence must be docketed and have a transaction number (TN number) assigned by the California Energy Commission Dockets Unit in accordance with the Revised General Orders Regarding Electronic Document Formats, Electronic Filing and Service of Document and Other Matters filed October 23, 2013, (TN# 201025). Exhibits without a TN will not be received into evidence absent a showing of good cause.

Each document shall be numbered and identified as follows:

Petitioner's exhibits shall be numbered *consecutively* as **Exhibits 1000 through 1999**;

Staff's exhibits shall be numbered *consecutively* as **Exhibits 2000 through 2999**; and

Intervenor Jason Pyle's exhibits shall be numbered *consecutively* as **Exhibits 3000 through 3999**.

***Failure of any party to comply with the filing requirements stated in this Order may preclude that party from participating in the evidentiary hearing.***

### **Notice of Committee's Intention to Use Informal Hearing Procedures**

Pursuant to California Government Code section 11445.10 et seq., and Commission's regulations (Cal. Code Regs., tit. 20, § 1217), the Committee intends to conduct the evidentiary hearing using an informal procedure. The parties will identify witnesses and exhibits prior to the hearing. During the hearing, all of the witnesses for a topic will be seated as a panel to answer questions from the parties and the Committee. While a question may be directed to a particular witness in the first instance, the other panelists may also answer the question if they choose. Panelists may also ask questions of each other. This format has been effective in recent cases, providing a more coherent discussion of the issues that is easier to follow for the parties, the public and the Committee. The Committee reserves the right to convert to a more formal process for any issues and may, in its discretion, allow the parties to engage in more formal direct and cross-examination if circumstances so require.

The informal hearing process will generally proceed in the following order:

1. All parties' experts on the topic at hand are sworn in as a panel.
2. Petitioner's experts would provide a brief opening statement summarizing the key points and conclusions of their testimony.
3. Staff's experts would provide a brief opening statement summarizing the key points and conclusions of their testimony.
4. Intervenor's experts would provide a brief opening statement summarizing the key points and conclusions of their testimony.
5. Open discussion between the expert panelists led by the Committee.
6. Attorneys may follow up with questions of their own or other expert witnesses to the extent the Committee finds the questioning productive.
7. At the conclusion of the attorney's examination of the experts, the Committee may ask witnesses additional questions or allow panelists to ask additional questions of each other and to offer follow-up answers.

## **Notice of Closed Session Deliberations**

At any time during the hearings, the Committee may adjourn to a closed session in accordance with California Government Code section 11126, subdivision (c)(3), which allows a state body, including a delegated committee, to hold a closed session to deliberate on a decision to be reached in a proceeding the state body was required by law to conduct.

## **Transcripts**

Parties are responsible for identifying errors in the transcripts of the proceedings. Corrections to the transcripts must be submitted to the Committee within 30 days of the filing of a transcript.

## **Public Adviser and Public Participation**

Members of the public are welcome to attend and offer oral or written comments at the prehearing conference and at the evidentiary hearing. It is not necessary to be an Intervenor to participate in the public process. Interested members of the public are encouraged to submit written comments using the e-commenting system described above. Otherwise, written comments may be submitted for posting on the docket for the proceeding by handing them directly to the Public Adviser, e-mailing them to [docket@energy.ca.gov](mailto:docket@energy.ca.gov), or by U.S. Mail to:
