STATUS REPORT 7

On May 29, 2014, the El Segundo Amendment Committee issued a "Revised Committee Scheduling Order" requiring status reports from all parties on June 10, 2014.

Staff continues to prepare the Final Staff Assessment for the Amendment. Staff has received complete data for both Cultural and Biological Resources and has no other outstanding data needs from the Petitioner. However, Staff is still waiting for the Final Determination of Compliance (FDOC) to be published by the South Coast Air Quality Management District (SCAQMD). Staff from SCAQMD indicated that they expect to issue the FDOC for the project by the end of June 2014. Staff will need three weeks from the time the FDOC is released to finalize the Air Quality Section and docket the FSA.
